Treasure Island: We met with Soul this afternoon. He continues to request our intervention (not necessary NPL listing or HRS ranking). He raised concerns about DTSC and CDPH sending conflicting messages, City of SF not having the best interest of the residence, and lack of CI process. We encouraged Soul to meet with DTSC and CDPH to raise his concerns directly to them. Please let me know if you want to discuss further.

FO: Because of Jared's schedule, it has been rescheduled to the end of July.

Oops...I hit send before I was finished with my note. No problem linking John into the meeting. Not sure if Barbara will be able to attend but I will invite her.

Looks good I have the same list. I would also like to add a short update (by me) and general discussion on FUD's, Exide, and WNOU.

Hey Stewart:

Here's a preliminary list of topics for tomorrow, mostly just flagging. For 1 and 2, I would like to patch in John Lyons if that's ok.

- 1) Brown and Bryant – waste disposal issue
- 2) Vapor Intrusion – south bay sites, etc.
- 3) Brownfields funding
- 4) Workshop follow up

If there's some from your end, let me know.

See you tomorrow at 11:30 AM. I have a service appointment for my car in Sacramento (near Arden) at 8:00 AM, so I think the timing will work. I will call you directly if things go haywire for some reason.

Enrique
